CONDITIONS OF SALE.

This is a bona-fide public sale, for prompt cash settlement, and irresponsible persons who are not sure whether they can pay for what they bid on, are asked not to bid. The cataloguer has taken special pains to describe each lot accurately. Errors will be corrected, but he reserves the sole right to decide upon any claims. No corrections or refunds will be made, and no lots can be returned, unless the bidder submits his case in writing **within 30 days of the date of the sale.**

Coins and medals are sold at so **much per PIECE**, and no lot will be separated. The auctioneer will accept any bid up to 50c., then 5c up to $2.50, when 10c. advance must be bid, up to $10.00, when no advance under 25 cents will be accepted. If there are 5 pieces in the lot and you wish to pay $5.00 for the entire lot, then bid $1.00.

Auction sales are **strictly for cash.** Parties unknown to me and bidding for the first time, must give bank or other reliable reference, or their bids will not be executed.

Forward your bids as early as possible, as thousands of bids have to be entered. Do not make ridiculously low bids, such as 10c. and 15c. on foreign silver coins worth several times over as bullion. Write your bids plainly, with a pen if practicable.

Where the number of pieces in a lot is not given after the description, there is but one piece in the lot.

Be sure you bid on the lot you wish to buy.

All coins, etc., are genuine unless otherwise described.

A charge of 5% will be made to cover packing and shipping, but where the parcel is bulky an additional packing charge will be made. No charge made for bidding except for lots actually purchased. Remit by money order or New York draft.

If any further information is required as to valuation of lots, or how to bid, please write the cataloguer. THOMAS L. ELDER.

FOREWORD.

THE BALE—POILLON COLLECTIONS.

We take great pleasure in presenting to collectors our greatest offering in Antique Weapons, Curios, Indian and Stone Relics. The sale contains not a few coins of interest also. We have never held a sale which contained such a wide variety of objects of interest to the general collector. We offer in this sale everything from antique china to postage stamps.

For the collectors of obselete and curious weapons we offer in the Bale and Poillon collections a veritable feast of rarities and oddities, ranging from a four inch flint-lock pistol to a seven foot Turkish Flint-Lock gun, or an eight foot pike. A Wheelock Gun, the Unique 12 Shot Pepper-Box Pistol, the Combined Sword and Flint-lock Pistol, and the Very Rare Paterson Ring-Trigger Gun cannot fail to impress the connoisseur. There is a great array of weapons from the South Sea Islands, from the Orient and from all over Europe. The weapons number about 650 pieces. The Pre-historic Relics of the ancient Caribs, Stone Age men of Europe and American Indians are important. The old Eskimo relics are unusual. There are Beads and trinkets galore, and even good Chinese Curios.

The coins include many interesting lots, with about 300 lots of American gold coins from $20 to 25 cent size, with much early American gold. The very fine 1802 Half Dime is a piece worthy of comment, while the 1796 and 1840 Half Cents are recognized rarities. Some fine cents, collected by the late Alfred Satterlee, and including every date, are listed, together with fine mint-marked and other United States Silver Coins, Minor Coins, Ancient Coins, Paper Money, etc. Don't miss the coin section, as it contains many good things. The Georgia Paper Money is rare.

The goods will be exhibited on Monday, July 22nd, all day, and on Tuesday until 1 p. m.

To meet the custom of weapon collectors, we will establish for this sale only a new plan of sale sessions. The first session will be held on Tuesday Afternoon, July 23rd, 1.30 p. m. The second session will be held on Wednesday morning, at 10.30; the third on Wednesday afternoon, at 2.30; the fourth on Thursday morning at 10 30, and the fifth and last session on Thursday afternoon at 2.30. We will put this arrangement into effect to accommodate travelers from out of town who do not care to prolong their visit.

The Goods are Sold at **So Much Per Piece (not Per Lot)** unless especially mentioned. A pair of pistols or other objects will be sold as **two pieces.**

This fact will be announced before the sale and no allowances or corrections on this account will be made afterwards.

The auctioneer reserves the sole right to decide on any claims—the goods are not sold on approval. In case of any dispute about the ownership of a lot, it will be put up again and resold. Goods thus sold are not returnable, and all claims are up to the cataloguer only for decision. Terms are strictly cash. No goods will be sold or allotted on any other basis. Goods must be removed immediately after the sale, and fair charges for packing will be charged for anything we have to ship out of town to collectors.

Trusting you will find many items of interest, and having catalogued the material in a conscientious manner to meet fair criticism, we remain

Yours truly,

THE ELDER COIN & CURIO COMPANY,
32 East Twenty Third Street, New York City.
